Transaction Fees:

- **Buy: 0%**
 - No fees for buyers, encouraging new investors
- **Sell: 1%**
 - 1% of the proceeds go entirely to automatic liquidity, supporting price stability

Launch Strategy:

1. Presale on PancakeSwap's Springboard or Fourmeme, with clear soft and hard caps.
2. Initial airdrop to generate hype and engage the community.
3. Organic growth through viral memes and community engagement on Twitter, Reddit, and Telegram.

Security:

- Liquidity Pool locked for 6 months through third-party services (e.g., PinkLock).
- Contract verified and audited to ensure transparency and security.

Roadmap:

- Phase 1: Build the community, launch the website, and establish social platforms.
- Phase 2: Launch on DEX, initiate marketing campaigns, and promote trading.
- Phase 3: Introduce new features (e.g., staking, NFTs, strategic partnerships).
